

Meridian F80. Listen closely.

The Meridian F80, developed in collaboration with Ferrari, represents 30 years of audio research and manufacture condensed into a small and beautiful shell. It's a complete system: a CD and DVD player with iPod® connectivity and AM/FM/DAB digital radio. You'll be amazed that something so compact allows you to hear more of your music, recovering buried information from the recording and producing a sound full of detail and depth. But then it shares the same technologies as Meridian's flagship components and loudspeakers: sound systems so advanced that if a microphone can detect it, the system can reproduce it. Hearing really is believing. **Call 01480 445678 to arrange a demonstration of the F80's outstanding performance.**

"a brilliantly designed and made compact music system"
HiFi World

"truly unbelievable performance"
The Robb Report, January 2008.

"there is nothing available elsewhere that compares"
