Meridian is the leader in high-end CD playback. Since we revolutionised the performance expectations of CD with the MCD-pro in 1984 we have steadily advanced the art of digital audio. Our reputation in the field is further confirmed by the choice of MLP (Meridian Lossless Packing) as the mandated standard for DVD-Audio.

The New Meridian 507 CD Player features 192kHz 24-bit DACs for outstanding performance and the very latest laser assembly optimised for CD, CD-R, and CD-RW. It comes packed with the Meridian MSR System remote.
