

sooloos

life has a soundtrack

Imagine the ultimate music experience. Thousands of albums in living color at your fingertips. Touch here, there, and see all the music that suits your mood in pristine CD quality. Play a song that brings back a memory. Introduce a friend to something new. Set the stage for a perfect evening.

Get in touch with
your music.

Experience.

LPs gave us big, beautiful artwork. CDs gave us digital clarity. Computers gave us massive music libraries. Sooloos gives you all those things and then some. Music isn't simply something you hear; it's the soundtrack to your life. Explore and enjoy your music in every way you ever thought possible and in ways you never dreamt of.

Fidelity.

Hear your music the way it was meant to be heard. No fans, no moving parts. Nothing standing between the performance and your ears. Sooloos delivers the music, bit-for-bit as it was mastered to CD, through the shortest and most discrete signal path possible.

Performance.

At last, a digital music system designed without compromise. Sooloos gives you all your music, when and where you want it, with enterprise-class scalability and redundancy. Always synchronized at multiple residences. Always mirrored to protect your investment. Always up to date and ready to enjoy.

Music makes your morning, your noon, and your night. Sooloos puts the right music for the right occasion where it belongs: at your fingertips.

Cocktail party: 50's and 60's Jazz and all the deep house albums mixed by your favorite Parisian DJ

Romantic evening: The playlist you made for your first date, any albums with the moods "Sultry" or "Sexy," and all your top-rated Soul albums

Focus on the moment.

Music isn't all zones, terabytes, and signal-to-noise ratios. The amazing thing about music is how it enhances our experiences, and Sooloos does that like nothing else.

With Sooloos, you create the right recipe for every situation. Even with a huge music collection, you can quickly and easily get to the perfect mix of selections for any occasion. Using Focus, you control the criteria for the music you want to hear, ensuring that you play the right song at the right time, every time.

Lazy afternoon: Records you've bought in the last month and any albums featuring your favorite pianist

Poker night: All your Blues albums, your 50 most-played Country albums, and albums you've tagged as "Headbanging Classics"

The System:

Sooloos isn't a product; it's a system. Designed with your needs in mind — whether you have a one-room apartment or a thirty-room estate, one hundred albums or ten thousand — Sooloos is tailored to meet your specific requirements. Using components from the three Sooloos product series (store, source, and control) anyone can have the ultimate music experience.

Designed to satisfy the most discerning music lover:

- Touch control devices provide a uniquely engaging means of interacting with your music
- Intuitive graphical interface allows for easy management of huge music libraries
- Extensive album, performer, genre and related metadata, including high resolution cover art
- Audio circuitry is based on the same designs used in professional recording studios
- Audio is losslessly encoded, ensuring bit-for-bit accuracy to the source material
- All components are fanless and use virtually no moving parts, for near-silent operation
- Expandable to allow tens of thousands of albums of CD-quality audio in up to 32 zones
- All audio storage is mirrored, ensuring zero downtime in the event of disk failure
- Using a PC, you can effortlessly transfer music from your Sooloos system to your iPod®
- Control Sooloos with the most popular home control systems, including Crestron® and AMX®

The Sooloos Product Series:

source:one, five

control:remote

control:one

Series Specifications:

Sooloos Store Series:

The Sooloos store series is offered in mirrored component pairs with capacities of one, two, or three terabytes (providing up to 2,000, 4,000, and 6,000 albums of storage, respectively). Additional pairs can be added at any time, to accommodate even the largest music libraries.

Sooloos Control Series:

Every Sooloos system includes a control:one, which provides master control, import, and configuration functions on its big, bright 17" touch panel display. The control:one allows you to import CDs in minutes using the world's most advanced error detection and correction algorithms. Add control points with additional control:ones, with the 7" control:micro, or with the wireless 7" control:remote.

Sooloos Source Series:

Sooloos offers source:one, source:five, and source:micro components to provide up to 32 discrete zones of audio in a variety of network and distribution configurations.

The source series features:

- super low-jitter design (<1 nanosecond)
- DC-coupled signal path
- ground-free transformer-coupled digital output
- servo-balanced analog outputs
- 192 kHz / 24 bit converters
- SNR 110 dB RMS unweighted, 113 dBA

It's all about the music.

The ultimate music experience gets better with every album you add to your collection. Get the music you want, effortlessly.

Pre-loaded & Ready to Rock

Your Sooloos system is customized to include your existing CD library, with cover art, credits, genres, moods, song picks and album reviews. From there, adding more music is easy. When you order your music through Sooloos, you get the original CDs along with an encoded high-capacity disc that your system imports in minutes — no ripping required!

Complete Your Collection.

Sooloos offers music packages designed to make sure you have the essentials covered in a wide variety of genres. From *Essential 1950's Cool Jazz* to *The Children's Storybook* to the *World Music Primer*, assembling a comprehensive library of music selected by leading music journalists, producers and conductors takes just minutes.

Stay up to Date.

With Sooloos subscriptions, stay on top of the hottest new releases in every genre. Whether you're too busy to read reviews of the best reissues or your kids want what's at the top of the charts, have it all shipped to your door every month and import it in one easy step.

The Largest Selection.

If it's in print, you can get it from the Sooloos Shop. Browse online and choose from hundreds of thousands of CD titles. Get personalized recommendations based on what you already own. Most importantly, get it shipped to your door and into your Sooloos system instantly.
